Dear Campers & Parents,

Welcome to the CrossPoint! We are so excited that you will be a part of the Central Region Camping Program this summer. We pray camp will be the beginning of Christ-centered, year-round relationships that will challenge you in your walk with Christ. This year our theme is *PWR: R U Connected?*

A lot of important information is enclosed—please take the time to read through it and make sure you’re good to go. If you have any questions about forms, financial matters, or registration, please call Terri Long, the camping registrar.

A few points to highlight:

- Our 2009 Mission Offering will be for Kodiak Baptist Mission, Kodiak, Alaska. Feel free to follow the link on the website for more information. Please plan on being a part of this ministry through your generous giving.
- Please note the 11:15 am departure time for week-long camps.
- T-Shirts are a part of the camp experience this year. Please indicate your child's size on the registration form. The shirts are also available to adults for \$10. Please indicate your desired size with your child’s registration form. *Please contact Terri Long at the region office if you received a registration form without t-shirt sizes.*
- The health of campers is extremely precious to us, and we want to do our best to not inadvertently cause harm to campers by improperly dispensing medicine. **Camp medical people cannot administer any medicines that are not properly labeled, in their original containers, and recorded on the camp health form.** They also cannot provide Tylenol, aspirin, etc., unless it is sent with the child and indicated on the health form.
- We want campers to be able to fully enjoy the camping experience and not be distracted from hearing God’s voice at camp. As such, please do not bring cell phones, iPods, video games, or other electronic equipment.

Thank you for investing in the camping experience. We pray God uses the camping program in a powerful way in your life. If you have any questions or concerns, please call me or Terri Long. We look forward to seeing how God will use us and work in us this summer!

Blessings,

Rob
